

Join the movement to end sexual violence...

Wisconsin Coalition Against Sexual Assault

WCASA is the statewide sexual assault coalition, including a membership comprised of organizations and individuals working to end sexual assault in Wisconsin. In 2016, WCASA members voted to simplify the membership to only include sexual assault service providers (SASPs) as voting members. Unfortunately, this change eliminated the opportunity for other organizations and individuals to access membership. Based on feedback from stakeholders, this was re-evaluated again in 2021 and a new structure was adopted in 2022 for implementation in 2023.

As we continue to evolve as an organization, we will continue to adapt and change to best meet the needs of all our stakeholders – and ultimately, survivors. We believe these changes allow us to provide better services to all stakeholders, while we continue building a movement. While SASPs are leaders in the sexual assault field, there are many other partners needed in this effort. It is going to take a movement to end sexual violence.

Sexual Assault Service Providers (SASPs)	REQUIREMENTS: agencies whose primary function is providing sexual assault services & prevention; commitment to WCASA's Framework
